

Functions

- This Japan Tourism Agency app that provides disaster information to international visitors was launched in October 2014 so that they could travel while feeling safe in Japan, which has many natural disasters.
- Besides providing push notifications of Earthquake Early Warnings, Tsunami Warnings and Weather Warnings in Japan, it also provides links gathering information necessary during disasters, communication cards to take information from surrounding people, and a response flow chart showing how to evacuate depending on the surrounding situation.
- Supported languages: 14 languages
 - English, Chinese (Simplified / Traditional), Korean, Japanese, Spanish, Portuguese, Vietnamese, Thai, Indonesian, Tagalog, Nepali, Khmer, Burmese and Mongolian
- Fee: Free
- Information shown as push notifications
 - Earthquake Early Warnings, Tsunami Warnings, Weather Warnings, Eruption Notices, Heatstroke Information, Ballistic Missile Launch and other civil protection information, Evacuation Advice, etc.
